

HIDDEN SECURITY THAT REVEALS COUNTERFEITS

MARKETPLACE CHALLENGE

Businesses and control chain personnel need a low-cost, covert method to quickly determine the authenticity of important documents, identification, vital records and more ...

AUTHENTIGUARD SOLUTION

AuthentiGuard Prism embeds hidden words, images or logos that are only visible using The Authenticator – a proprietary lens that reveals hidden Prism messages. Customizable and cost-efficient, AuthentiGuard Prism technology cannot be reproduced with even the most sophisticated digital copiers or scanners.

POWERFUL AUTHENTICATION AT YOUR FINGERTIPS

AuthentiGuard® Prism™ provides an effective, low-cost method to authenticate licenses, tickets and other secure documents. The covert Prism feature – integrated into the background design – is embedded into a document and is invisible to the naked eye. Hidden words, logos and images – customizable to meet your needs – are revealed when viewed using The Authenticator. And, AuthentiGuard Prism technology cannot be reproduced, defeating even the most sophisticated scanners or digital copiers.

With unique and non-reproducible anti-counterfeiting technology and an authentication process that's fast, easy and cost-effective, AuthentiGuard Prism can add industry-leading security to any document.
